

**Lyall, Thresher
& Associates, Inc.**

Personalized sales and marketing for the heating and plumbing industry

625 Chase Ave. • Elk Grove Village, IL 60007 • 847-621-6052 • Fax 847-621-6057

INDUSTRIES LTD

Pressurization packages for closed hydronic heating and cooling systems • Pex-Pal in-floor tubing organizer • NeutraPal condensation neutralizer kits • Chemical feed equipment • Demineralization products

Commercial cast iron atmospheric boilers • Commercial forced draft boilers

Residential cast iron boilers • Residential high efficiency condensing boilers • Residential high efficiency combis • Cast iron radiation

Hydro, air, and dirt separators • Zone valves • Thermostatic mixing valves • Manifolds • Balancing Valves • Zone relay panels • Demineralization systems • Solar systems and components

Gas-fired low intensity infra-red tube heaters • High intensity infra-red heaters • Vacuum tube heaters • Gas fired unit heaters

Wi-fi enabled smart thermostats for residential and commercial applications that are intuitive to use and beautiful to look at.

Residential and commercial circulators • High efficiency ECM circulators • Heating, cooling, and domestic water applications

Insul Tarp®, the premier roll type under slab insulation • WBBF roll type reflective insulation • Quips

Superior PEX-a systems for radiant heating and cooling, plumbing, distribution piping, and geothermal systems

CSST water heater connectors and gas connectors; braided fixture connectors; tankless water heater isolation valves; no hub fittings; water and gas CSST

High quality expansion tanks • Pressure vessels • Plate heat exchangers • Leader in the thermo-hydraulics field.

Quality products from Lyall, Thresher and Associates

...when only the best will do
