PRESIDENT'S MESSAGE

June Greetings!

Another year down the drain (smile). It is hard to believe that this year is coming to an end. Thank you for your continued support of the ASPE Chicago Chapter!

Even though it is the start of summer break, the Chapter's board is still hard at work finishing up loose ends for this year and planning for the next. For the more immediate, I (along with Chris S.) will be attending the ASPE Region V President's Meeting in Houston in early June (by the time you read this newsletter, we may already be back).

Additionally, I am gathering data from the various Chapter officers to upload as part of Chapter's Annual Report, which summarizes all the meetings, membership numbers, donations to charities, involvement with schools, etcetera, as we try to qualify to receive the ASPE Chapter Award of Merit. Data for the Annual reports are now entered online, which makes the task much easier than it used to be in the days when multiple bounded hard copies were required.

In addition to Chapter activities, the Annual Report also lists contributions to publications/magazines done by chapter members. If you have been published in the Plumbing Engineer magazine or other technical publications this year, please let us know.

Onto other news...

The Chapter's golf tournament is also this month. By now, you have probably seen the flyers in the newsletters and email blasts. If you haven't signed up yet, please plan to do so ASAP, as the golf tournament is always a fun activity and a great way to catch up with old friends.

As mentioned in my article last month, the Chicago Chapter will be offering "free" trips to the upcoming ASPE convention in Atlanta for a couple of lucky members.

- One trip will be offered to a member willing to serve as an "alternate" at the ASPE business meetings, which occur the Saturday and Sunday before the convention. We will pay registration and expenses, including roundtrip airfare, up to 5 nights hotel, food, and related charges. If you are interested in being an Alternate, please email me no later than Friday, June 22nd. If you are selected, we will notify you shortly thereafter so that you can start making preparations.
- We also have our Essay Contest, which will allow the winner to attend the ASPE Convention free of charge. Included will be registrations, roundtrip airfare, up to 3 nights hotel, food, and related charges. The rules and contest deadline will be emailed out in the next few weeks...so sharpen those pencils.

Lastly, we are still working on our summer event planning...so stay tuned for more information.

Until Next Time...

VICE PRESIDENT, LEGISLATIVE

CODE CORRIDOR

From the pen of Scott Jagodzinski, VP Legislative

Well the summer is finally upon us as we have nearly finished another season of the Chicago ASPE Chapter. With only the golf outing as the last official event I have to look back over the year and reflect all of the changes that have been made, the new people I have met, the new knowledge I have gained and I look forward to what is yet to come.

Next year will be the 50th year of the Chicago Chapter. The ASPE convention will be held in Atlanta on September 28th. The Chicago Product show will be held on October 18th. I will start my 10th year at Cannon Design. I just completed my 10th year in ASPE. The next 10 should be fantastic.

Until next time,

VICE PRESIDENT, MEMBERSHIP

Greetings Members,

We made it through the Spring Meetings! Time to relax with the ASPE meetings for a little bit. Now we get to focus on the school construction season and crunch time of the summer construction projects. That sounds joyous.

I hope you are able to enjoy our one nice week of weather for the year. While you are, keep in mind that ASPE is always looking forward at helping you, the engineering community, and the community as a whole. If you have any suggestions for us or for how you can help, please get in touch with any member on the board.

Have a great summer!

As always, please promote ASPE around your office and to your colleagues. Please contact us if you'd like to put any ASPE literature on your presentations or if you see opportunities around schools or communities to promote ASPE and assist as many people or projects as you can.

Thank you,

Chris Wisinski
