

Minster Mechanical Sales, Inc. Line Card

	Manufacturer of immersion fired boilers (condensing and non-condensing), deaerators, boiler feed systems, blow off separators. 100% guarantee against thermal shock.
	Manufacturer of horizontal watertube packaged boiler systems for steam and hot water applications, with lower costs, high efficiency, and simple maintenance. Gas fired, oil fired, or combination, with a range of 480,000 - 12,500,00 btu/hr input.
	Condensing, non-condensing, low mass, medium mass or the Emblem concept with different boiler types combined in a system. High-efficiency with ease of installation.
	Metal-Fab Commercial Venting Products division offers the most complete line of chimneys, vents, special vent for condensing appliances, fume exhausts, engine exhausts, and factory-built kitchen ventilation systems available.
	Manufacturer and designer of pipe markers and valve tags. Free take-offs.
	Manufacturer of a full range of gas fired, high and low intensity infrared space heating equipment for the commercial, industrial and agricultural markets.
 Tri-Flo Tech	Automatic balance valve sets, venturis, pitot tubes
 PETE'S PLUG	Pressure & temperature readings thru one fitting. The only fitting with two valve caps. Brass or S.S. in 1/4", 3/8", 1/2" M.P.T. IMC digital thermometers.
	Low NPSH boiler feed pumps (S.S. impellers). Circulating pumps—inline centrifugal.
 Modern Design. Traditional Quality.	Volumetric condensate / liquid meters with infinite turndown Ratio. 100% accuracy - sizes to 185,000 #/HR (22,000 GPH). Replacement parts for Cadillac Meters™.
